Aashish Ashok More

Design Engineer · UI/UX + Front-End

Pune, Maharashtra, India
+91 82753 86672
ashishashokmore@gmail.com

PROFILE

Design Engineer with **5 years** across product design and front-end delivery. I start with research, design end to end in Figma and ship it as working front-end code with AI-assisted development, closing the gap between design and development. **MFA in Design** and **HFI Certified Usability Analyst (CUA™)**, with a record of leading design teams and lifting user engagement **65%** on healthcare SaaS.

5+ yrs product design + front-end	**+65%** user engagement, healthcare SaaS	**-50%** development time via design-to-code alignment	**30 min** team onboarding, down from 2-3 weeks

EXPERIENCE

Design Engineer · Neutrino Tech Systems — Nov 2025 - Present

- Design product interfaces end to end in Figma, then ship them as production-ready front-end code using AI-assisted development, removing the traditional design-to-development hand-off.
- Review AI-generated interfaces for structure, spacing, states and accessibility before they reach production.
- Work directly with engineers to ship interface changes faster, without the review cycles a hand-off model needs.

Lead UX Designer (Lead Software Engineer) · CompuMatrice Media Pvt. Ltd. — May 2022 - Aug 2025

- Boosted user engagement **65%** by gamifying and quantifying user journeys, backed by usage data and testing.
- Led end-to-end UX for B2B and B2C healthcare SaaS products, owning usability and experience across every release.
- Cut development time **50%** and improved team efficiency **20%** by aligning UI design directly with Bootstrap and Ionic component structures.
- Ran UX sprints and launched multiple B2B/B2C platforms on tight timelines while mentoring a team of designers.
- Improved e-commerce UX through Shopify storefront integration and mobile optimisation.

Lead Creative Designer · IT Craft Technologies Pvt. Ltd. — Oct 2021 - May 2022

- Designed UI for COVID-19 public health portals alongside print and campaign media.
- Led a team of 4 designers, owning planning and execution across digital and print under tight deadlines.
- Directed creative campaigns for Tirumala Oil, MP Tourism and Omkar Mahotsav, owning client communication throughout.

Freelance Designer · Self-employed — Sept 2016 - June 2021

- Delivered branding, digital and print projects for independent clients across sectors.

SELECTED CASE STUDIES

Making a 20+ module specialty pharma platform legible

ENTERPRISE B2B · HEALTHCARE · 2025-26

Mapped a multi-tenant patient-access platform as one patient's journey across time and places, so a team of 30-35 could hold the whole system in their heads. Marketing adopted it for pitches.

Onboarding: 2-3 weeks → 30 min

Workive!: one place to staff a photo shoot

PERSONAL PRODUCT · MOBILE · 2026

A crew network for freelance photographers, born from shooting weddings in college. Personas, competitive analysis, IA, wireframes and a design system, built as a working prototype.

Designed + built end to end

SiteSaathi: every site, worker and rupee in one app

CONSTRUCTION SAAS · IN PROGRESS · 2026

A platform for contractors running several sites: 101 field problems mapped to 19 modules and 10 roles, with voice input in Marathi, Hindi and English and a worker app that needs no reading.

101 problems · 19 modules
